HOOD 23

The long-established drop-keel Hood 20 has now been converted to the shoal-draft configuration.

The 'Hood 20' has been designed to sail with a nearly perfectly balanced helm — with a minimum of spray on board.

A very large area of usable deck space for working or sunbaking. A 2.13 m long cockpit is more than enough for Day sailing.

SPECIFICATIONS:

L-O-A	6.10 m (20'0")
L-W-L	5.08 m (17'6")
Beam	2.43 m (8'0")
Draft	.61 m (2'0")
Sail Area	19.14 sq m (206 sq ft)
Ballast (Lead)	409 kg (900 lbs)
Displacement	908 kg (2000 lbs)

STANDARD YACHT:

Sales Tax included (ex Factory) $

Optional Extras:

Main	$
Jib (Sheets extra $)	$

Trailer	$

Standard Yacht — includes moulded glass fibre hull and deck chemically bonded together with moulded keel with internal lead ballast. Toe rails, cockpit coamings, winch pads, non-skid pattern, hatch coamings, etc., are incorporated into the deck mould. Also moulded into the cockpit seat is a starboard stowage locker. The transom is designed to take an outboard motor. The cockpit is self-draining. Included are aluminium mast and boom, stainless steel standing rigging, synthetic running rigging stainless steel chain-plates and stemhead fittings, adjustable jib sheet block leads on stainless steel track, barlow winches. Interior includes four moulded glass fibre bunks, four closed ports. Interior wood trim.
