The AQUARIUS 23 is a fine G.R.P. fully ballasted centre board sloop with a spacious cabin layout and roomy cockpit. The design and manufacture use Fibreglass to its best advantage and the AQUARIUS 23 is a proven safe family cruising trailerable yacht, yet offering surprising speed. With its shoal draught the AQUARIUS 23 is an ideal boat for cruising Moreton Bay and Reef waters. Simply raise the centre board and slip over the banks and fringing reefs to the protection of close inshore anchorages.

Built entirely here in Brisbane, construction of the AQUARIUS 23 is to the same high standard as her sister ship the AQUARIUS 35 sports fisherman (which is built to Harbours & Marine specifications).

The AQUARIUS 23 can be purchased at any stage, with a variety of optional equipment available to suit individual tastes, needs and pocket.
