NEWEST and largest in the range of trailable yachts built by Court Yachts, the TS 750 is also one of the largest on the Australian market. Designed by WA's Jim Wiltshire, she is a big boat in every respect and requires a large car to tow her and two strong men to launch and rig. The boat provides berths for five adults, a well-appointed galley, stove and icebox, and her wide decks give plenty of usable cockpit space. There is a pop-top hatch above the main cabin area which adds to the spacious feeling of the boat. Although primarily a swing keel boat, the Court TS 750 is also available with a fixed keel.
