

N.I.S. SHARPIE... 26'ER

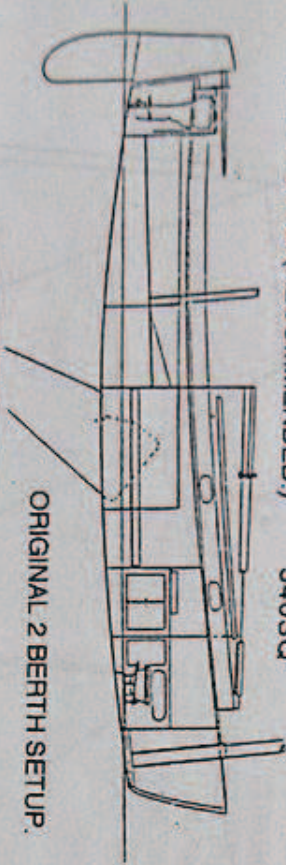

THE 26 IS THE ORIGINAL NORWALK ISLANDS SHARPIE. SHE IS LIGHT, YET NOT ULTRALIGHT. SHE IS A BIG BOAT, WITH A BIG BOAT FEEL. THE SAIL AREA/DISPLACEMENT RATIO (20) IS VERY GOOD FOR A CRUISING BOAT, RESULTING IN AN ENVIABLE ALL ROUND PERFORMANCE, ESPECIALLY IN LIGHT WINDS. SHE HAS THE MASS TO DRIVE EASILY AND QUIETLY INTO CHOP.

THE 26 HAS A HIGH BALLAST RATIO, WHICH MEANS THAT HER HEAVY WEATHER COMFORT IS MUCH GREATER THAN HER SMALLER SISTERS.
